WHAT OBSCURE TOURS IS RESPONSIBLE FOR: Planning the itineraries, working out the timings and public transport options, guiding the group from place to place, and delivering age-appropriate and engaging commentary about what we are seeing and doing along the way. I pay my own way on public transport, as well as for food and drink and any personal needs. Please be aware that the activities and modes of transport in the planned itineraries may change without notice due to unforeseen circumstances like cancellations and closures and, for this, I cannot be responsible. I do my best to substitute something similar to the original planned option.

WHAT THE TOUR GROUP IS RESPONSIBLE FOR: The tour group is responsible for their own personal safety as well as that of everyone under the age of 18 in their group. Tour group members need to pay for their own public transport costs, preferably with a contactless card or Oyster card (assistance will be given to purchase these; children can get discounted fares), as well as all costs of meals and personal expenses. Should there be any fees for entering into particular sights or attractions with the group, the group would pay for these for themselves as well as for the tour guide.
